

Name: _____**Student Cell Phone:** _____

Students enrolled in courses marked as Dual Enrollment (de) have the option of also earning college credit upon completion of the course(s). Enrollment/Registration/Payment are requirements of the Dual Enrollment Program.

Professor-In-Residence courses (PIR) are taught at Bishop Guilfoyle by Saint Francis University professors. These courses are mandatory Dual Enrollment, including all fees. Coursework and grading are aligned with university policy standards. In order to earn the college credits a student must apply and pay the college for the credits and maintain a “C” average or higher in the class. In these mandatory DE courses, high school credit will not be issued if college credit is not earned.

Core Requirements:

Religion—Required:

Catholic Discipleship

English—Required (choose one):

____ American Literature/Composition

____ AP Language/Composition^{de}

Mathematics—Required (choose one):

____ Geometry

____ Algebra III/Trig^{de}

ADD-ON Courses:

____ Add-On Band

____ Add-On Chorus

Parent Signature: _____**Date:** _____

Course descriptions are available online at www.bishopguilfoyle.org/academics/curriculum

This completed form is due to the Counseling Office No Later Than Thursday, February 10, 2022

Electives are your opportunity to explore areas of interest outside of Bishop Guilfoyle’s core curriculum. Your core requirements take precedence over your chosen electives and will be scheduled first. Although we try to get every student the desired electives, you are not guaranteed to be placed in your top choice elective(s).
Choose 5 electives: Please rank them in order—1st choice is #1, 2nd choice-#2, etc.
You will only receive TWO electives on your final schedule.

Rank	Course		Required
	AP Art History (de)		Recommended: completion of Intro to Art History
	AP Biology (de)		Completion of Biology and Chemistry
	AP Computer Science A (on-line course)		
	AP Computer Science Principles (on-line course)		Completion of Algebra I
	AP Chemistry (de)		Completion of Chemistry
	AP Drawing(de)		Recommended: completion of Art Lab and Theory
	AP Drawing(de) independent study		Recommended: completion of Art Lab and Theory
	AP Environmental Science (de)		Completion of, or concurrently taking Chem
	AP European History		
	AP Music Theory (de)		Ability to read and write musical notation
	AP Physics (de)		
	AP Psychology (de)		
	AP Seminar		Concurrent completion of AP Engl. Language
	AP Spanish Language and Culture		Completion of Spanish III
	AP U.S. History		
	AP World History		
	Professor in Residence Courses 2 courses listed below, are mandatory dual enrollment including all applicable fees. See note on top page 1.		
	PIR-College Probability/Statistics- Honors (de)		80% or higher in Algebra II
	PIR-Wall Street 101-Honors (de)		Cumulative GPA of 80% or higher
	2-D Multimedia Design		
	Accounting I (de)		
	Accounting II (de)		Accounting I
	Anatomy/Physiology (de)		Biology
	Anatomy/Physiology II (de)		Anatomy/Physiology
	Art Lab /Theory		
	Chemistry		Biology and Algebra I
	Chorus		
	Computer Science Python Fundamentals		
	Concert Band: instrument you play: _____		
	Drama Appreciation/Performance		
	Ecology		
	Environmental Sustainability (de)		
	Exploring World Cultures		
	Forensics (de)		
	Literature Seminar		
	Microbiology (de)		
	Multimedia/Yearbook		
	Painting 101
